Summary

Driven by removing the false sense of security and showing the true insecurities within networks and people. Looking for a company that appreciates learning, provides mentoring, and innovating new ways of testing systems. Currently undertaking CEH certification. The next logical certification will be OSCP with CRT to follow. Also, take part in Hack the Box and Capture the Flag exercises to increase knowledge and skillset.

OS I am familiar with: Windows, Ubuntu, Kali and Parrot OS

Tools I am familiar with: Nmap, Nikto, MSF, Fuff, Burp Suite, Nessus, reverse proxies and Many more

Hobbies: Fishing, Diving, Mycology, Penetration Testing in Virtual Environments, and Online gaming (Arma3, Rust).

Dream Job: Physical Penetration Tester/ Social engineer.

Experience

Penetration Tester

BreachLock Inc

Feb 2021 - Present (5 months +)

Had a really nice time working while learning a lot about how Pentests are conducted and getting more familiar with tools and procedures and the reports that come with them, All good fun and a great opportunity to be working there. while working there I have had the opportunity to be apart of over 30 Pentests from small login panels to huge internals for call centres. and while doing this have learned a plethora of tools and methods to conduct a Pentest.

Crew Member

McDonald's

Aug 2020 - Jan 2021 (6 months)

Got Back and needed some cash so was working the nightshift at the golden arches

Tech Support / Computer System, intern

SYMTECH SOLAR

Feb 2020 - Jul 2020 (6 months)

Had a great opportunity in the pandemic. Learned to allot about the Industrial systems behind the solar sites and all the setup and security that goes along with it.

Cook

KFC UK & Ireland

Sep 2019 - Dec 2019 (4 months)

Cooked at KFC for a short while for some extra cash and for something to do was let go for unknown reasons

Food Server

cup cake coffee box

Mar 2017 - Sep 2017 (7 months)

A nice little cafe in Kirkcaldy worked on the ice cream section of it and had to go because it was the end of my volunteering for my silver DofE award and no one eats ice cream in winter

Education

Kirkcaldy High School
